

Eggs-tra Special Activities

*Plant grass seed in a pie tin. Keep the soil moist, so the seed will germinate and grow. As the grass grows and Easter approaches, place colorful plastic eggs on top of the grass for a home-grown center piece.

*Make a sun catcher using contact paper and colored tissue. Add a piece of yarn to hang in the window. Look at the beautiful colors as the spring sun shines through.

*Dig up some worms and place them in a shallow tin filled with dirt. Watch the interesting creatures and how they move through the dirt. Return them to the garden afterwards.

*Leave inspiring messages and chalk drawings along your sidewalk.

*Create an outdoor obstacle course in your backyard.

*Go on a nature hike and collect as many nature items as you can. Save them for future projects.

*Design your flower or vegetable garden.

*Set up an egg hunt for your neighbors in their backyard. It is fun to make it a surprise!

Enjoy a chocolate bunny at your Easter celebration. YUMM!

Today's Moments are Tomorrow's Traditions

Easter is the only time you should put all your eggs in one basket. *Mary Rose*
